THE LEADING AND OLDEST ROSE GROWERS OF AMERICA

SIXTY-TWO YEARS IN BUSINESS

THE ADVENT of the autumnal season, with its wealth of color, is anything but melancholy. The meadows brown and sere are but the background for the indescribable tints of field and fen, tree and sky and all remind us that fall is the season for planting these fair harbingers of spring—the fragrant Hyacinths, the flaming Tulips, Jonquils, Daffodils and scores of other bulbs which within their brown coats hold the mystery of the gorgeous bloom which will ere long delight the eye and entrance the senses. If you are a stranger to the beauty of the bulbous flowers for autumn planting, then we urge you to become acquainted with them. For brilliant beauty of flower, ease of culture, quick and sure results, exquisite fragrance and striking colors, they are not excelled by any other class.

For over sixty years **THE ROSE ON ITS OWN ROOTS** has been our great specialty. We are the leaders in this line—both in quantity and quality. **DINGEE ROSES ARE FAMOUS THE WORLD OVER.**

The history of gardening in America shows that we are among the very first houses in this country to issue a catalogue describing the beauties of the Hyacinth, Tulip, Narcissus and other spring blooming bulbs and plants. Our long experience in the business and our favorable foreign connections enable us to command stock far superior to the average found in the market. We pay the highest prices for the grower's product and insist upon getting the best, and we get it.

Dingee bulbs are good bulbs insofar that better bulbs cannot be had at any price. Cheap, poorly cured, under sized bulbs which if the growers would refuse to sell them would never get into our markets are to be had at apparently low prices. Such bulbs are dear at any price. Our prices are fixed after the most careful consideration and are not the result of haphazard guesswork. Bulbs and Roses are just as standard in quality and price as dress goods or any other staple commodity. You can't buy silk at the price of calico, neither can you buy a high class bulb or rose at a third class price. Hence we say cheap goods are dear at any price.

Our terms are cash with order, except when satisfactory bank reference is given, when we will gladly open an account. Goods will be shipped C. O. D., when directed. Money may be sent at our risk by Post-Office Money Order, Express Money Order, money (not stamps) in registered letter. We will be responsible for the safe carriage of money sent us in any of these ways, and, if lost, will give full value. Please do not send stamps unless absolutely necessary. Ten per cent extra should be added to orders going outside of the United States of America or its colonial possessions, as well as Canada and Mexico, to pay the extra cost of packing and postage. To all countries in the Universal Postal Union, goods can be sent by mail.

We always do better than we promise in the way of extra bulbs and plants, so that, when the order will at all afford it, we add to it something gratis, often a choice or new kind. To induce our customers to make up club orders among their friends, we make attractive inducements. The only requirements are that the club shall consist of the complete addresses of five club names, including the clubber, and the order shall amount to not less than \$10 in cash. Write for our terms under these conditions.

Kindly send all orders, money and correspondence plainly addressed to

Pioneer Rose Grower and Founder of This Company.

 Almost the hour this book goes to press, the Congress of the United States passed a Parcels Post law. We are unable to state specifically what the advantages, if any, of this law are. It is sufficient for us to assure you, our patrons, that we will give you every advantage that this law affords in the way of prepaid delivery that is compatible with a legitimate margin of profit for ourselves.

Giant White Narcissus

New, Distinct and Beautiful.
Grows in Water

Illustrated on Front Cover Page

This grand Narcissus is the earliest flowering, blooming for Christmas. Grows with absolute certainty, and produces in lovely clusters immense numbers of pure white flowers. In fragrance is the equal of orange blossoms. Superb.

Grow it in Water. It succeeds best grown in water. Place sand or gravel in bottom of a dish, firmly imbedding the bulbs; keep well covered with water, and it will soon bloom. It may be grown in soil like a hyacinth, but the best method is in pebbles and water.

To Get the Best Effect. Several bulbs (not less than six) should be planted together. Give plenty of sunshine. Bulbs we offer are sure to grow and bloom.

Price, postpaid by mail, 2 for 10 cts.; 6 for 25 cts.; 40 cts. per doz.

Giant Golden Sacred Lily

Large, sweet, golden yellow flowers; hardy, thrive in any window or garden. Blooms quickly and freely in soil, sand or pebbles and water. Beautiful and very fragrant. Large bulbs, 5 cts. each; 6 for 25 cts.; 50 cts. per doz., postpaid.

Giant White Narcissus Growing in Water.

Special Offer Two Giant White Narcissus and three Giant Golden Sacred Lilies for 15 cts.; six of each, twelve in all, for 35 cts. They make a splendid contrast.

Our Sensational New Rose "Charles Dingee"

Illustrated on Fourth Cover Page.

Here in our own establishment this magnificent Rose was produced by hybridization. A Rose of extraordinary beauty and merit. It is the premier bush Rose of today. Just as we predicted some years ago, when we named and introduced Helen Gould (Baldwin) that it would take front rank as one of the great garden Roses—and it unquestionably has—we also predicted for this new creation a far greater popularity than any other Rose has attained, not even excepting the Cochet Roses.

Of all the bright galaxy of famous Roses we have introduced—the Queen, Virginia, Marion, Dingee, Princess Bonnie, Pink Souper, Golden Gate and many others, this lovely new variety is our masterpiece. Out of hundreds of cross-fertilizations of the best varieties to which we have given years of labor, our efforts have at last been fruitful, and this New Queen of Beauty has added another triumph to American skill.

We have named this Rose in honor of Mr. Charles Dingee, the founder of this business, who at the ripe age of 87 years, while no longer active in business affairs, is vitally interested in the adherence of this business to the high and honorable business methods which for more than 50 years characterized its growth under his immediate supervision.

The Charles Dingee Rose has every point of excellence—the hardy, vigorous constitution of a Hybrid Perpetual, magnificent large foliage, is a tremendous grower—the best in the list, blooms continuously, producing immense double-flowers on long, stiff stems, the beauty of which is nothing short of superb. The color of the flowers almost baffles description because of the delicate blending of rose tints in the center which gradually shade off into pale flesh and creamy white, making it at once both distinct and absolutely new in color effects.

This is the one Rose you must order. A plant—either one or two years old—means hundreds of flowers throughout the dull winter months. It's as easily grown as a geranium.

Prices: Strong, special-size plants, 25 cts. each; 5 for \$1.00; \$2.50 per doz.; two-year-old plants, 50 cts. each; \$5.00 per doz.; three-year-old plants, 75 cts. each.

CAUTION! We are the originators and sole introducers of the Charles Dingee Rose. It cannot be had elsewhere.

Dingee Superior Hyacinths

Our Hyacinth Bulbs are the very cream of the stock grown by our specialists in Holland, and are guaranteed to be large, solid, healthy bulbs, which will be sure to bloom profusely for you next spring and fill your garden with a foretaste of the glory of the coming summer. The varieties here listed are the very best of all the long list produced in Holland, selected with scrupulous care with the desire to offer our friends the very best of their kind.

Indoor Culture. Plant in pots or boxes, using ordinary garden soil, any time from September to February. Plant about two inches deep. Water thoroughly and put away in a dark, cool place until signs of growth commence, then bring into the light and heat. For holiday blooming, pot early in September, and for a succession of bloom, plant at intervals of about two weeks. To grow in water, place the bulbs in glasses and fill with clean water; leave them in a dark, cool cellar until the glass is well filled with roots, then bring to the light.

Open-Ground Culture. Select a warm, sunny location. Ordinary garden soil enriched with well-rotted stable manure, spaded to a depth of 12 inches, will suffice. Plant the bulbs 5 inches deep and 6 or 7 inches apart. Set out any time from September until severe freezing weather. While not required, it is better to give winter protection. Large exhibition-size bulbs, 15c each, \$1.50 per doz., \$12.00 per 100, postage paid.

Dingee Surpassing Quality Tulips

Tulip Planting

The dazzling beauty of the Tulip family is so well known that it is hardly necessary to further extol its merits here. The brilliancy of colors when arranged in masses in the garden, on the lawn, or grown indoors in pots or boxes, makes the Tulip an object of striking beauty; indeed, for wealth of bizarre color effects, it even surpasses the hyacinth. Plant plenty of them—they are so inexpensive; in early spring, almost before the last snows of winter have gone, the gorgeous colors of their flowers will add a wonderful air of cheerfulness to your home surroundings. They are entirely hardy in the open ground, and should be planted about 5 inches deep and 5 inches apart. For indoor culture plant them 3 inches deep.

Like all Dingee bulbs, our offerings in Tulips are the best, both as regards quality and variety. No "seconds"—each bulb is guaranteed to grow and bloom, or your money back.

Dingee Early-Blooming Crocus

Since the poet sang, "A soft breeze kissed the expectant morn, a bluebird sang a witching strain, a Crocus bloomed and Spring was born," this charming little flower has been noted as the first of the spring-time. The attractive flowers mark the coming of spring and, with their beautiful shades, tone the deepening green of the lawn. It is entirely hardy and, left undisturbed, will continue to bloom each year.

The best results with Crocus are obtained when they are given a rich, dry soil and sunny location. The bulbs should be planted about 3 inches deep; set singly or massed in beds. A favorite plan is to raise the soil with a spade or trowel to the depth of 3 inches, place the bulb beneath the sod and press back into place. Crocus are also great favorites for house culture, giving very satisfactory results. The bulbs we offer are

of improved strains of the leading and finest varieties, and are superior as regards both form and color.

Crocus Planting

Dingee Narcissus

The Daffodils of Spring

The Narcissus is most desirable for house or garden culture, and should be treated in the same manner recommended for the Hyacinth. Three or four bulbs may be grown in a single pot. In the garden they may be planted in any out-of-the-way place, where they will continue to thrive and bloom year after year without any care or attention, and will be among the first to respond to the fitful blandishments of early spring. The family is an extensive one and remarkable for its novel diversity of types and colors, in the selection of which our efforts have been to secure the finest specimens. Our bulbs are grown for us by our own special grower on the Isle of Guernsey; they are the best.

First Quality Bulbs sure to bloom. Prices include postage.

Double. Extra fine; deep yellow. 4 cts. each, 40 cts. per doz., \$2.50 per 100.

Campanelle Mixed. Large yellow flowers; rich and very striking. 2 cts. each, 20 cts. per doz., \$1.25 per 100.

The Lilies

Chinese Sacred Lily

During the last few years this has become the most popular of the winter-flowering bulbs; ease of culture, certainty of bloom and rare beauty combine to make this a most interesting and satisfactory winter flower. It will thrive in soil, but the favorite method of culture is growing in water and gravel. In four or five weeks it will produce masses of deliciously scented flowers.

There are many spurious bulbs on the market, but those offered by us are genuine—the largest and finest procurable, imported direct.

Price, extra-large, solid bulbs for immediate bloom, 12 cts. each, 4 for 45 cts., 10 for \$1.00, postpaid. Mammoth bulbs, 20 cts. each, 3 for 50 cts., 7 for \$1.00, postpaid.

Giant Golden Sacred Lily

Large, sweet, golden yellow flowers; hardy, thrive in any window or garden. Blooms quickly and freely in soil, sand or pebbles and water. Large bulbs, 5 cts. each, 50 cts. per doz.

Special Offer 3 Chinese Sacred Lilies and 3 Giant Golden Sacred Lilies for 40 cts.; 6 of each, 12 in all, for 75 cts., postpaid. They make a splendid contrast, and form a most beautiful adornment for the home during the cold winter days.

Marvelous Hardy Japan Lilies

Plant the bulbs about 6 to 8 inches deep as early in the fall as possible. We offer none but the best varieties and only large, sound, solid, healthy bulbs, which may be depended upon to grow and bloom.

Batemanii. Grows 3 to 4 feet high; clear apricot-colored flowers. 25 cts. each, \$2.50 per doz., \$18.00 per 100.

Chinese Sacred Lily

Brownii. Immense, trumpet-shaped flowers, chocolate purplish outside, white inside. 40 cts. each, \$4.50 per doz., \$35.00 per 100.

Giganteum. Grows 6 to 10 feet high, bearing twelve to twenty flowers; creamy white, with a purple throat. 25 cts. each, \$2.50 per doz., \$18.00 per 100.

Humboldtii. Golden yellow, spotted purple. 30 cts. each, \$3.00 per doz., \$22.00 per 100.

Washingtonianum. Delicate, with blossom freely spotted with black. 30 cts. each, \$3.00 per doz., \$22.00 per 100.

Lilium Auratum

Magnificent pure white flowers, often measuring a foot across, exquisitely spotted with rose, and rayed and banded with golden yellow in the most beautiful manner. Fine, large, extra-selected blooming bulbs, 20 cts. each, \$2.00 per doz., \$12.00 per 100. Enormous bulbs, 25 cts. each, \$2.50 per doz., \$18.00 per 100.

Elegans, Mixed Varieties. The richest hues of yellow, crimson, red and dark red. 15 cts. each, \$1.50 per doz., \$10.00 per 100.

Pardalinum (Leopard Lily). Large clusters of bright orange-red Lilies, with lighter orange center. 15 cts. each, \$1.50 per doz., \$10.00 per 100.

Speciosum or Lancifolium

Album. Pure white, very fragrant. 15 cts. each, \$1.50 per doz., \$10.00 per 100.

Rubrum. Bright crimson and white flowers in clusters. 15 cts. each, \$1.50 per doz., \$10.00 per 100.

Double Tiger Lily. Very double; color fiery red, spotted with black. 15 cts. each, \$1.50 per doz., \$10.00 per 100.

Single Tiger Lily. Orange, with intense dark spots. 15 cts. each, \$1.50 per doz., \$10.00 per 100.

Croceum. Old Orange Lily; orange and black. 30 cts. each, \$3.00 per doz., \$22.00 per 100.

Krameri. Entirely distinct. Flowers beautiful, soft rose-color. 20 cts. each, \$2.00 per doz., \$12.00 per 100.

Lily-of-the-Valley

One of the most universally known and admired plants. The graceful spikes, with the dainty, pure white bells, are a delight to the eye, and their delicate fragrance is exquisite. Plants succeed almost anywhere but prefer a partly shaded situation and rich soil. For house culture, plant rather thickly in pots or boxes, scattering some moss or other light material over the soil, which must not cover the crown; water well and set away in a dark place. When brought to heat and light after a few weeks, the leaves and flowers will soon appear. Ready for delivery in November. Strong-flowering crowns, 3 for 15 cts., 50 cts. per doz., \$3.00 per 100, postpaid.

St. Joseph's Lily

(*Lilium Candidum*)

Especially grown and prepared for winter-blooming in pots. The bulbs are of enormous size and will throw up strong stalks crowned with a profusion of pure waxy white Lilies. Large bulbs, 15 cts. each, 4 for 50 cts., 9 for \$1.00, postpaid.

Double Tiger Lily.

Lily-of-the-Valley

Bermuda Easter Lily

Dingee Bermuda Easter Lily

The Easter Lily is a vigorous grower with ordinary attention. Flowers pure white and delightfully perfumed. It is unexcelled as a window plant.

Fill a 6-inch pot closely with soil to the top, plant the bulb, water moderately and put away in a warm place until the roots begin to form. Then transfer to the sitting-room to the warmth and light. Bermuda Easter Lilies may be planted outside. They are hardy in the southern states and will survive northern winters if protected with leaves or litter. They flower in three months from planting.

The bulbs we offer are the true Bermuda Easter Lilies (*Lilium Harrisii*), secured direct from our Bermuda grower, and are the best to be had. We offer only large and healthy bulbs, which will make a vigorous growth and give an abundance of extra-

large, magnificent flowers, five to eight on each plant.

Large Bulbs, Popular size, producing 3 to 6 flowers, 15 cts. each, 4 for 50 cts., \$1.25 per doz., postpaid.

Extra-Large Bulbs, producing 8 to 12 flowers, 20 cts. each, 6 for \$1.00, postpaid.

Bulbs of Enormous Size, producing 12 to 15 flowers, 40 cts. each, 2 for 75 cts., postpaid.

Japan Easter Lily

(*Lilium Longiflorum*)

Well-known, beautiful, snow-white, fragrant, hardy, garden Lily. Flowers trumpet-shaped, 6 to 8 inches long. Splendid for forcing for winter flowers. Large bulbs, 15 cts. each, 4 for 50 cts.; extra-large bulbs, 20 cts. each, 6 for \$1.00; enormous-size bulbs, 25 cts. each, 5 for \$1.00, postpaid.

Lilium Philippinensis. A new Lily from the Philippines. Flowers are long, trumpet-shaped, snow-white and very fragrant. Perfectly hardy. 25 cts. each, \$2.00 per doz., \$18.00 per 100.

Calla Lilies

Grand winter-blooming pot plant. Easy to grow, free bloomers and superb flowers. Good at all seasons of the year.

15 cts. each, 4 for 50 cts., 9 for \$1.00, except where noted.

Little Gem. Rarely grows over 12 inches high. Snowy white flowers in great profusion. We offer strong pot-plants.

Spotted. Foliage exquisitely dotted with white; very ornamental, white flowers with black throat. We offer strong pot plants.

Lily of the Nile. The old favorite white Calla. Grand white flowers—chaste and beautiful. Strong plants.

Black (*Arum sanctum*). A native of the Holy Land. Flowers very large, often measuring a foot in length. Inside of purplish black color; outside green.

New Yellow. Large, rich flowers, similar to the old white Calla in form; very fragrant. Color golden yellow. 20 cts. each, 6 for \$1.00; postpaid.

Special Offer One each of the above 5 Calla Lilies, postpaid, for 60 cents.

Camassia

Cusikii. Produces in great racemes, 2 to 3 feet in height, hundreds of pale sky-blue flowers. Equally satisfactory for open-ground cultivation or for planting indoors. 20 cts. each, 6 for \$1.00, postpaid.

Esulent. Exceedingly pretty star-like flowers of about 2 inches across. Give the bulbs the same treatment as hyacinths. 3 for 10 cts., 35 cts. per doz., \$2.50 per 100, postpaid.

The Cuban Lily

(*Scilla Clusii*)

A magnificent winter-blooming bulb. The flowers are star-shaped and are borne in one enormous cluster. Dark blue with golden yellow anthers. Delicious fragrance. After flower fades it is a splendid decorative plant. 15 cts. each, 4 for 50 cts., 9 for \$1.00, postpaid.

Mexican Lily (*Sprekelia Formosissima*)

One of the most beautiful of flowers for home decoration, and grows to perfection in a bowl filled with sand or pebbles and water. The flowers are gorgeous—magnificent, velvety, deep, scarlet. Large bulbs, 15 cts. each, 4 for 50 cts., 9 for \$1.00. These prices include postage, which we pay.

Dingee Winter-Blooming Freesias

One of the most popular winter-blooming bulbs, growing well in ordinary soil. One of the easiest of winter-blooming bulbs for window culture. The color is pure white, lower petals touched with yellow.

Freesias should be planted early for the best results—the earlier the better. The vitality of the bulbs is at its highest early in the season. We have these bulbs grown in tremendous quantities by our special growers, and are able to offer larger and better quality bulbs than those generally sold.

Celebrated Freesia Refracta Alba Strain

First-Size Monster Bulbs. Three years old. 7 cts. each, 4 for 25 cts., 10 for 50 cts., 25 for \$1.00, \$4.00 per 100, postpaid.

Second-Size, Mammoth Bulbs, about $\frac{1}{2}$ inch in diameter, 3 for 10 cts., 30 cts. per doz., \$2.00 per 100, postpaid.

Third-Size, Extra-Large, Selected Bulbs. 15 cts. per doz., 50 for 50 cts., 90 cts. per 100, postpaid.

Grand New Freesia, Purity

This variety is a type of pure white Freesia that surpasses in size, floriferousness and purity of color. We offer one size only—First-Size Bulbs, at 8 cts. each, 5 for 35 cts., 75 cts. per doz., postpaid.

Scarlet Freesia (*Anomatheca cruenta*)

Similar in bulb, foliage and habit to the Freesia, but the flowers are brightest scarlet; the lower petals deeply marked. As it grows exactly like a Freesia, it can be planted with them. Ours is the true stock, which is very hard to obtain. 5 cts. each, 3 for 10 cts., 25 cts. per doz.

Crinum Ornatum

This royal member of the Amaryllis family produces numerous spikes of large, fragrant, lily-like flowers, white, with deep pink stripe in the center of each petal.

Grows from $1\frac{1}{2}$ to 5 feet high, bearing at frequent intervals a crown of twelve to twenty large blooms. Plant in fairly rich, loamy soil in a pot or box, that it may be moved indoors at any time. Give plenty of sunshine, and water frequently. Prices, first size, about 9 to 11 inches circumference, 30 cts. each, 4 for \$1.00; second size, about 11 to 13 inches circumference, 40 cts. each; enormous bulbs, about 14 to 16 inches circumference, 60 cts. each, 2 for \$1.00.

Mexican Lily

Erythronium (Dog's-Tooth Violet)

Grandiflorum (The Beautiful Wood-Lily). Planted in open ground, they are entirely hardy and will found a colony. For winter blooming, they are of the easiest culture and are sure to bloom freely in mid-winter. Color a fine shade of yellow. The bulbs should be potted or planted soon after being received, as they suffer if allowed to remain dry. 5 cts. each, 6 for 25 cts., 40 cts. per doz., postpaid.

Revolutum. Large, and in color very striking, white, tinged with green. The leaves are narrow, beautifully mottled with brown. Fine bulbs, 10 cts. each, 3 for 25 cts., 7 for 50 cts., postpaid.

Received the rose bush, Queen Beatrice. Many thanks. It came in good condition. Those you sent me previous to this are all doing fine, and must say you people are all right. You have certainly treated me fine, and your treatment corroborates all I have said to the public in your behalf. My only hope now is that I will be successful with my bushes.

Giant Persian Cyclamen

Giant Persian Cyclamen

Grace of form, beauty of color and ease of growth, combined in a remarkable way. For growing in the house only.

The most beautiful and decorative of all pot plants. The foliage is dark olive-green, beautifully variegated with silver and rose. The fairy-like flowers are carried on long stems and produced for several successive months.

The flowers, which are of odd form as shown in the illustration, embrace every delightful shade of color and are a distinctive feature of this handsome house plant.

We offer splendid, strong bulbs in white, rose, crimson and mixed colors at 20 cts. each, 3 for 50 cts., 7 for \$1.00, \$1.75 per doz., postpaid.

California Honeysuckle

The flowers are a beautiful rose-color, a single bulb producing 15 to 30 clusters. 15 cts. each, 2 for 25 cts.; extra-large bulbs, 20 cts. each, 3 for 50 cts., postpaid.

Babianas

These vary from the brightest blue to the richest carmine, and many of them are very fragrant. Any one can succeed with them, and for pot culture we know of nothing that will attract greater attention.

Finest Mixed Varieties. 5 cts. each, 50 cts. per doz., \$3.50 per 100.

Broadiaaeas

Extremely showy, half-hardy bulbs, bearing beautiful tubular flowers in clusters on stems, 1 to 2 feet high.

Finest Mixed Varieties. Comprising an

assortment of all colors, purple, white, blue and red, etc., 6 for 20 cts., 35 cts. per doz., \$2.50 per 100.

Fritillarias

The habit of growth is lily-like, and, as a pot-plant, the effect is beautiful in the extreme; in fact, it is as beautiful as any lily, while the profusion of flowers is remarkable. Requires about the same treatment as Bermuda Easter Lily, and should not be given too much water.

Recurva. Produces numerous large, pendent, bell-shaped flowers, on stems 6 to 10 inches high. Frequently as many as a dozen brilliant scarlet flowers, spotted with orange in the throat, are produced at one time. 10 cts. each, 3 for 25 cts., 7 for 50 cts., 75 cts. per doz., \$5.00 per 100, postpaid.

Mixed Varieties. This splendid mixture includes a marvelous number of colors—yellow, white, pink, purple, striped, splashed and checkered in the most curious ways. Splendid for pot-culture as well as for the garden border. Entirely hardy, 6 for 20 cts., 35 cts. per doz., \$2.50 per 100, postpaid.

Scilla Sibirica

(*Praecox Squill*)

Equally desirable for planting in the open ground for earliest spring flowers, or in pots for winter blooming. The rich blue flowers are borne in greatest profusion; grown in pots, they will be in bloom from Christmas until April; in the open ground the flowers come almost before the snow is gone. 3 for 5 cts., 15 cts. per doz., 75 cts. per 100, postpaid.

Allium

Neapolitanum. Plant in the flower-beds for early spring flowers, and in pots for winter blooming. The large clusters of delicate white flowers remain perfect for weeks. Plant three to five bulbs in a 5-inch pot. 3 for 5 cts., 12 cts. per doz., 75 cts. per 100, postpaid.

Pendulinum. A bulb will produce as many as nine spikes, with five to ten white, bell-shaped pendulous flowers, each petal having a well-defined green stripe down the center. 3 for 10 cts., 25 cts. per doz.

Moly. In fine contrast to the above-named sorts; color clear golden yellow. 3 for 10 cts., 25 cts. per doz., postpaid.

Glory-of-the-Snow (*Chionodoxa*)

The Blue Milla

Rich blue, star-shaped flowers in profusion at the end of long, graceful stems. 5 cts. each, 6 for 25 cts., 45 cts. per doz., postpaid.

Ornithogalum

Umbellatum (Star of Bethlehem). This lovely flowering bulb is valuable both for pot culture in the house during winter and in the open ground for early spring blooming. Once planted, it will become a permanent and beautiful addition to the garden. In pots, culture is of the simplest. The star-like, white blossoms are borne in great umbels. Fine bulbs, 3 for 10 cts., 35 cts. per doz., \$2.50 per 100. Postpaid.

Arabicum. A magnificent variety of winter-flowering bulbs from Arabia. The waxy white flowers have a jet-black center and are produced in long spikes which stand from 18 to 20 inches high. 5 cts. each, 40 cts. per doz., postpaid.

Cinnamon Vine

A very well known and most valuable climber. Quite hardy and well adapted for outdoor cultivation. It produces delicate white flowers in profusion during the winter if grown in a light and sunny window in the house. Roots, 5 cts. each, 7 for 25 cts.

Ranunculus

These dwarf-growing bulbous plants are perfectly hardy south of Washington, but should be protected farther north.

The prices at which we sell goods are fixed after painstaking, careful computation of the exact cost of production, and are made to fit the quality of our stock, allowing ourselves a fair, legitimate margin of profit. We are not controlled by the prices in other catalogues, which, in many instances, are the result of haphazard guesswork, and the goods must necessarily be of a quality to fit the prices, for no one will long continue to sell goods at a loss. Bulbs and Roses are just as standard in quality and prices as dress goods or men's clothing. You can no more buy a high-grade Bulb or Rose at a third-class price than you can buy a silk dress at the price of calico. Invariably you will receive precisely the quality you pay for—hence we say that cheap goods are dear at any price.

Dingee Pot-Grown Roses for Fall Planting

The Great Charles Dingee

The first, or special size, are **extra-large** plants, grown in 3 and 3½ inch pots, and at prices named will be sent by mail postpaid, or by express, leaving a portion of the soil around the roots, **prepaid if your order amounts to \$5 or more; if under that amount add 10 per cent, and we will prepay express charges.** The two-year-old plants are from 4½- and 5-inch pots. Two-year-old plants by express.

The Truly Wonderful Rose, Charles Dingee

The One Best Rose in Cultivation—See Back Cover

The almost unlimited resources of our great West Grove greenhouses have been severely taxed to propagate enough plants of this remarkable Rose to meet the demand for it, and even now we have not an over-supply. The unprecedented demand for this remarkable Rose was so great last spring that it almost exhausted our immense stock, and we can offer only one-year and two-year plants at this time. Charles Dingee Rose blooms continuously, producing immense, deep, double, grandly formed flowers on long, stiff stems, the beauty of which is nothing short of superb. The color is a delicate blending of rose tints in the center, which gradually shade off into pale blush and creamy white. Perfectly hardy in all localities, it is sure to become the most popular Rose of our day, because it is the most beautiful, and for winter culture indoors, in pots or boxes, it cannot be surpassed. It is never out of bloom. Strong, special-size plants, 25 cts. each, 5 for \$1.00, \$2.50 per doz.; two-year old plants, 50 cts. each, \$5.00 per doz.; three-year-old plants, 75 cts. each.

Nursery or field grown roses we do not offer. This class of roses can be planted only very late in the fall after ripening in the field. On the contrary our specially prepared pot grown plants are ready for planting **now today** and are infinitely superior to nursery grown stock.

We are the leading Rose-growers of America. **Roses on their own roots** is our specialty. We carry in stock nearly a thousand varieties. There has been a large, unsatisfied demand from planters, both North and South, for the best varieties of Roses suitable for autumn planting **outdoors.** We propose to satisfy that demand. The important point is to **plant pot grown stock and plant early.** Protect with evergreen boughs, leaves and litter and then these varieties will invariably go through the winter safely. The advantage of planting now is obvious. You gain a year for the plants will become thoroughly established this year and will thereby get an early start next spring.

All Roses offered in this book are pot grown and especially suited for winter blooming indoors.

Their cultivation is extremely simple. Indoors, plant in pots or boxes, water freely, shade them from the direct rays of the sun with newspapers for a few days, then give them as much light and sunshine as possible. **Outdoors, give them good, fertile soil, shade from the sun for a few days, and, after the first frost, protect with dead leaves, straw or coarse manure.**

Van Nest, N. Y.

Sirs:—Received the Roses O. K., and wish to thank you for being so kind and will assure you that you will always retain me as a customer. I will always recommend the Dingee Roses.

Hybrid Tea Roses

This class of Roses has the meritorious advantage of blooming continuously the first year like the Tea Roses, while their large, finely formed flowers and delicious fragrance, diversity of color and constitution to stand winters with slight protection, make them best for general planting.

We offer only special-size and two-year Roses, with a few exceptions noted.

American Beauty

American Beauty is splendid for open ground culture, and is hardy in nearly all localities except where the winters are particularly severe, provided the true stock is planted. Our plants are grown in specially prepared soil by our own expert growers. We guarantee our plants to be true to name, absolutely first-class in every particular. Color, rich crimson, charmingly shaded and veined. As the flowers expand, their beauty seems to be enhanced rather than diminished. The fragrance is not excelled by any Rose known. Great, lusty, one-year-old plants, from 3 and 3½-inch pots, 30 cts. each, 4 for \$1.00, postpaid; extra-heavy, two-year-old plants, 50 cts. each; three-year-old plants, 75 cts.

Antoine Rivoire. Rosy flesh, with yellow ground, shaded with border of carmine. Large and fragrant.

Augustine Guinnoisseau. See White La France.

Aurora. One of the best varieties offered in this book. Beautiful, large, full flowers of bright pink, shading to a paler pink.

Bessie Brown. Hardy and vigorous, producing flowers profusely in the open ground all through the summer. The color is almost pure white, though sometimes flushed.

Betty. Ruddy gold (coppery rose, overspread with golden yellow). It is never out of bloom from early June until frost.

Dean Hole. Silvery carmine, shaded salmon; entirely distinct.

Etoile de France (Star of France). The best and sweetest hardy Hybrid Tea Rose of its color. Of truly glorious form and delightful fragrance, while the color is exquisite—a clear red or velvety crimson.

***Florence Pemberton.** Creamy white, shaded with rose, with the petals bordered rosy salmon.

Franz Deegan. A great hardy yellow

American Beauty Rose

Rose. Splendid flowers of large size, deep and double, with fine petals ranging in color from yellow to delicate orange.

General McArthur. Large, double flowers, well formed and of the most vivid crimson-scarlet; very fragrant.

Helena Cambier. The colors range from salmon-rose to coppery rose.

J. B. Clarke. An intense deep scarlet Rose, shaded blackish crimson; extra large.

Kaiserin Augusta Victoria. The greatest hardy white Hybrid Tea Rose in existence. The large, full double flowers are glorious in their perfection.

Prices of all Roses on this page, except where noted, in strong, special-size plants from 3 and 3½-inch pots, 25 cts. each, any 5 for \$1.00. Two year-old plants, only in the varieties indicated by a star (*), 45 cts. each, by express.

Bear in Mind: Our special or first-size Rose plants are not the "20-for-a-dollar" kind, but are strong specimens from 3 and 3½-inch pots—twice the size of the ordinary mail-order Rose plants.

Virginia R. Coxé (Gruss an Teplitz)

The Popular La France Roses

Pink La France. Lovely shade of silvery pink, tinged with crimson; fragrance delicious; flowers very full and wonderfully beautiful.

White La France (Augustine Guinois-seau). A pure white member of the La France family.

Red La France (Duchess of Albany). Resembles the Pink La France, but is much deeper.

Yellow La France (Mad. Pernet Ducher). Medium size. Bright canary-yellow.

Striped La France. Bright satiny pink, distinctly striped bright rose.

Special Offer of the **La France Set. 1** each, extra-large plants, for \$1.15.

The Famous Irish Rose, Killarney

This queen of the Irish Roses excels any other of its class. The bush is strong and upright, with beautiful deep bronzy green foliage, and the Rose is entirely free-blooming, bearing immense long pointed

buds. The color is deep brilliant and sparkling shell-pink.

White Killarney. Long, full buds of typical Killarney shape. Perfectly hardy.

Lena. An exquisite new Irish Rose of glowing apricot. Flowers in clusters.

***Mad. Abel Chatenay.** The best of its color—rosy carmine with darker shade. It does remarkably well in the open ground.

Madam Caroline Testout. Flowers and buds large and of elegant form, of a bright satin rose-color deepening at the center.

Mad. Jules Grolez (Red Kaiserin Augusta Victoria). A distinct and charming shade of cherry-red; excellent for cutting.

Virginia R. Coxé (Gruss an Teplitz). For intense and dazzling crimson there is no other Rose to compare with this. The flowers are large and handsome, moderately double, of splendid substance, and are produced in amazing profusion. Strong 3-year-old plants, 75 cts. each.

Mad. Segond Weber. The long, pointed buds are pink or salmon-flesh, and when fully expanded deepen until it rivals the American Beauty. Indispensable for growing indoors, or planting in the open ground.

Mad. Schwaller. Blooms in large clusters; large, globular flowers: fine salmon-rose; finely edged violet-carmine.

Magnafrano. Extra-large flowers, full, deep and double, deliciously scented. The color is bright, deep shining rose.

***Meteor.** Rich velvety crimson, very striking; both buds and flowers are large.

Mrs. A. E. Waddell. Rosy scarlet, opening rosy salmon.

Rhea Reid

For an all-round garden Rose for outdoor culture this remarkable new Bush Rose has no equal. The color is vivid scarlet-crimson, and the flowers are marvels of beauty—large, bold and splendid.

William H. Taft. Salmon-pink, with fine fragrance. Bush is strong and vigorous.

Perle von Godesberg. Rich canary-yellow, with light saffron shadings.

President Roosevelt. Magnificent sturdy rose of bright, lively pink. Vigorous, hardy and everblooming. For sale only by us.

Prices of all Roses on this page, except where noted, in strong, special-size plants from 2 and 3½-inch pots, 25 cts. each, any 5 for \$1.00. Two year-old plants, only in the varieties indicated by a star (*), 45 cts. each, by express.

Remember: If your order for Roses or other plants amounts to \$5.00 or more we prepay all shipping charges anywhere in the U. S. If under \$5.00, add 10 per cent of the total amount, and we will prepay all shipping charges. For instance, if your order amounts to \$3.50 add 35 cents; if \$5.00, we pay the charges.

Mrs. David Jardine

Valuable for forcing under glass; also one of the very best garden bush varieties. The blooms are large, of perfect form, bright rosy pink, shading on the outer petals to salmon-pink.

Mme. Jennie Guillemot. Deep saffron-yellow, opening canary, shaded golden.

Mme. Melanie Soupert. Golden yellow, suffused with faint shades of pink.

***Mme. Philippe Rivoire.** Rich apricot yellow color, with light yellow center.

Mrs. Oliver Ames. Creamy white, suffused with pink; splendid foliage.

Olivia. A distinct deep rose color, flowers of splendid substance.

Richmond

Wonderfully free-blooming, its immense, fragrant, scarlet-crimson flowers are borne on long, stiff stems. Perfectly hardy, and keeps up a continuous succession of bloom all summer.

Prince of Bulgaria. Large, and quite full; outer petals superb rosy flesh, with the reflex petals of a slightly lighter tint.

***Queen Beatrice.** A strong and healthy grower and very free-flowering. Delicately fragrant and a splendid keeper.

Souv. Pres. Carnot. Large, full, double, well shaped, with heavy, thick, shell-like petals; buds very long and pointed. Delicate rosy blush; fragrant; strong grower.

***Triumph de Pernet Pere.** Large, with broad, thick petals, and long, pointed buds. Clear magenta-red, passing to crimson.

Richmond.

Wellesley. Brilliant pink Rose of vigorous, healthy growth.

Souvenir de Wootton. Blooms large, full and regular, with leathery petals and exquisite fragrance. Bright magenta-red, passing at the base to violet-crimson.

Tea Polyantha Roses

These famous roses will give absolute satisfaction to every purchaser. They bloom the first year, and will be in bloom every year from early May until severe freezing weather. More than once we have seen them bloom in open ground after a severe snow-storm. There are no Roses like them; certainly none better.

Clothilde Soupert. Known the world over as one of the very best of all Roses. A strong, dwarf grower, and a truly wonderful bloomer, producing clusters after clusters of the finest formed flowers. Full and double, and deliciously sweet. The color effect is beautiful—ivory-white shading toward the center to silvery rose.

Pink Soupert. Identical with Clothilde-Soupert, except in color of flower, which is clear, lively pink, and at a distance resembles a carnation.

Marie Pavie. Medium size, very full and double; borne in large clusters and masses; excellent for cutting; rich, creamy white; finely flushed with carmine-rose; delightfully perfumed.

Perle d'Or. Brilliant coppery gold changing to fawn and salmon and with exquisite perfume.

Mrs. David Jardine Rose

Prices of all Roses on this page, except where noted, in strong, special-size plants from 3 and 3½-inch pots, 25 cts. each, any 5 for \$1.00. Two year-old plants, only in the varieties indicated by a star (*), 45 cts. each, by express.

Bride and Bridesmaid

Dingee Everblooming Tea Roses

While not so hardy as the Hybrid Teas or Hybrid Perpetuals, yet with protection they will live through the winters in almost all sections of the country, except in the extreme North. In the South they are unexcelled, whether planted in the open ground or used for pot culture. The fact that one-year-old plants produce a profusion of flowers makes them indispensable to every Rose-lover.

Aline Sisley. Rich shade of violet-red, brightened with crimson-maroon.

Andrew Schwartz (Everblooming Jack). The flowers are large and of excellent substance. Color brilliant scarlet, changing to rich crimson.

***Bon Silene.** The color is deep rose, changing to pale light rose. In the open ground it grows to perfection.

***The Bride.** There is no other white Rose more satisfactory than the Bride. The buds and flowers are unusually large, well formed and deliciously perfumed. It is of a strong and healthy growth, and a profuse bloomer.

***Bridesmaid.** Valuable for forcing and does finely in the open ground. Clear pink.

***Couquette de Lyon.** The flowers are extra-large, deep and double; color pure canary yellow.

Cornelia Cook. Pure creamy white, tinged with lemon and blush. Very beautiful; unsurpassed for outdoor culture.

Devoniensis (The Charming Magnolia Rose). Large, very full and double flowers all through the season. The color is creamy white, with rosy centers.

***Etoile de Lyon.** It blooms freely, producing beautifully formed flowers of a rich golden yellow; extremely hardy.

Frances E. Willard. Snow-white flowers of handsome form and very fragrant.

Freiherr von Marschall. Large, full, beautifully shaped flowers, which are borne in profusion all through the season. The color is bright red.

Gen. Robert E. Lee. The flowers are large, full and very double; color yellow, changing into rich salmon tints.

***Golden Gate.** Immense in size, finely formed, with long and beautiful buds. Color rich, creamy white, shaded with golden yellow and clear rose, of indescribable beauty.

***Helen Gould.** The most satisfactory Rose of its color ever introduced. Beautiful, long, pointed buds and immense, full, perfectly double flowers. Rosy crimson.

***Isabella Sprunt.** Golden yellow; free bloomer; very fragrant. Fine cut-flowers.

La Princesse Vera. The flowers open beautifully, are large and perfectly formed. The color is rich ivory-white.

Mad. Francisca Kruger. Deep, coppery yellow, of large size and very vigorous.

***Mme. Heinz.** Saffron yellow, shaded with carmine. Double and free flowering.

Madam Hoste. Soft, light, canary-yellow, of fine shape and double.

Mad. Jos. Schwartz. White, tinged and shaded with yellow and blush.

The Famous Cochet Roses

***Pink Maman Cochet.** The buds are large, full and firm, elegantly pointed, showing depth and richness as they expand. The superb flowers are clear, rich pink.

***White Maman Cochet.** Snowy white, with sometimes a faint tinge.

***Red Maman Cochet** (Helen Gould). The flowers are very full, perfectly double; buds long and pointed. Color warm, rosy crimson, hardy everywhere.

***Yellow Maman Cochet.** A typical Cochet Rose, of a deep sulphur-yellow.

***Crimson Maman Cochet** (Etoile de France). Clear shade of red or crimson.

Special Offer of the Cochet Set

1 each of the 5 colors, strong plants, post-paid, for \$1.00. Two-year-old plants, 1 of each, 5 in all, \$1.75.

Prices of all Roses on this page, except where noted, in strong, special-size plants from 3 and 3½-inch pots, 25 cts. each, any 5 for \$1.00. Two year-old plants, only in the varieties indicated by a star (*), 45 cts. each, by express.

Remember: If your order for Roses or other plants amounts to \$5.00 or more we prepay all shipping charges anywhere in the U. S. If under \$5.00, add 10 per cent of the total amount, and we will prepay all shipping charges. For instance, if your order amounts to \$3.50 add 35 cents; if \$5.00, we pay the charges.

Marie Guillot. One of the most reliable white Tea Roses in cultivation, especially for outdoor culture. The color is pure white, sometimes faintly tinged yellow.

Mad. Margottin. Dark citron-yellow, very full and double.

Marie Van Houtte. A strong and sturdy grower, blooming constantly, with great freedom. The large, full and double flowers are pale canary yellow, passing to rich, creamy white, shaded with pale rose.

Marion Dingee. The darkest, richest colored Tea Rose known. Large, finely formed flowers are borne in constant profusion throughout the season. Color deep, brilliant crimson.

Papa Gontier. Rich cherry-red, passing to clear, glowing crimson. A splendid Rose; one of the best for all purposes.

Pearl Rivers. Peachy red on a ground of ivory white, with borders of pale rose.

Princess Bonnie. Solid crimson, deep and vivid, with a fragrance simply delicious. Always blooming.

Princess de Sagan. Velvety crimson, with buds of splendid shade.

*** Perle des Jardins.** Clear, golden yellow, of a beautiful shade and entirely distinct from any other variety; the flowers are large, full, of globular form, with great depth and substance, richly perfumed and very beautiful in every way.

***Safrano.** Valued very highly for its beautiful buds and handsome flowers. The color is a bright yellow.

Souv. de Aug. Metral. Deep red, large, full and double.

***Souv. de Pierre Notting.** The flowers are very large, well filled and open easily; color apricot-yellow, tinged with golden, and mixed with orange-yellow; edge of petal shaded carmine-rose.

Sunrise. A strong grower and free bloomer. The color is absolutely new, the buds showing scarlet and yellow to orange and copper; inside of petals, golden yellow.

Sunset. Color rich golden amber or gold, resembling the tints seen in a sunset.

White Golden Gate. A splendid ivory-white Rose of fine form and texture.

White, Pink and Yellow Cochet Roses

Papa Gontier

Woodhaven, L. I., N. Y.

Dear Sirs:—I am so delighted with your Roses that I never fail to mention your name. I cannot say which one I like best, as they are all so beautiful, and my friends all agree with me. I have a Pink Killarney blooming now that had 10 buds, and was but a first size Rose when I bought it from you two summers ago, and the Charles Dingee Rose is a prize winner. My little bush has three flowers and four buds.

Mrs. E. J. R.—

Yonkers, New York.

Dear Sirs:—The Tausendschon I purchased from you several years ago is a wonder and is the talk in my neighborhood. I have never seen anything to equal it and I take great pleasure in acquainting you with the fact. I am so pleased with it that I wish to send a plant to a friend, and trust you will be able to send same.

Mrs. E. W. T.—

Bear in Mind: Our special or first-size Rose plants are not the "20-for-a-dollar" kind, but are strong specimens from 3 and 3½-inch pots—twice the size of the ordinary mail-order Rose plants.

Prices of all Roses on this page, except where noted, in strong, special-size plants from 3 and 3½-inch pots, 25 cts. each, any 5 for \$1.00. Two year-old plants, only in the varieties indicated by a star (*), 45 cts. each, by express.

Dingee Hardy Climbing Rose

Hardy Climbing Roses have the popular call. They have become an absolute necessity for beautifying the home, for training over porches, verandas, trellises and pergolas, and they make most beautiful flowering hedges when trained on low supports. All the Climbing Roses in our unequalled list are on **their own roots**—a most vital point in a Climbing Rose. Some are absolutely hardy in the coldest parts of the country, while others, growing luxuriantly in the middle and southern sections, require some slight protection in the North.

The Blue Rose (Veilchenblau, or Violet-Blue). One of the most unique introductions in Roses in a generation. A wonderfully rampant grower, bearing great trusses of handsome violet-blue Roses which create an effect never before known in the history of Rose-growing. The foliage is large, healthy, a beautiful shade of green and immune from attacks of insects.

Pink Rambler. Handsome climbing Rose bearing great trusses of fresh pink flowers.

Climbing Killarney. A climbing variety of the famous pink Rose, Killarney. A strong, rapid grower, and is entirely hardy. It blooms continuously.

Climbing Clothilde Soupert. An offspring of that famous Rose, Clothilde Soupert, this beautiful hardy, ever-blooming climber is of that famous Rose, Clothilde Soupert, this of finely formed flowers throughout the entire growing season—Ivory-white, large, round, perfectly double, with beautifully imbricated petals, the odor of which is delightful.

Climbing Meteor. True climbing habit, attaining a height of 10 to 15 feet in a single season. Free, persistent bloomer, with magnificently formed, dark velvety crimson buds.

Climbing Wootton. The flowers are bright and magenta-red, passing to violet-crimson, richly shaded. The bush is a rampant climber, growing 10 to 15 feet each year, and is perfectly hardy.

Climbing Helen Gould (Mme. Driout). Warm, rosy crimson flowers, sometimes beautifully striped, flamed and shaded in bright carmine over pale rose. Strong in growth and constantly in bloom.

Keystone. A deep lemon-yellow Rose, with a fragrance much like that of magnolia blossoms. It readily attains a height of 15 feet in a single season, branching freely, and has always come through the winter without damage, even in the most exposed situations. A strong, rampant grower, with foliage not affected by insects.

***Climbing White Maman Cochet.** For many years the old White Maman Cochet has been considered one of the very best of all White Tea Roses, and this new climber has all the superfine qualities of that old standard Rose, with added value in its climbing habit. The foliage is strong and of a delightfully fresh green, is not subject to disease or insect attacks, and even when not in bloom the plant is of great charm, adding great beauty to the house.

Dingee Climbing Roses

Prices of all Roses on this page, except where noted, in strong, special-size plants from 3 and 3½-inch pots, 25 cts. each, any 5 for \$1.00. Two year-old plants, only in the varieties indicated by a star (*), 45 cts. each, by express.

Remember: If your order for Roses or other plants amounts to \$5.00 or more we prepay all shipping charges anywhere in the U. S. If under \$5.00, add 10 per cent of the total amount, and we will prepay all shipping charges. For instance, if your order amounts to \$3.50 add 35 cents; if \$5.00, we pay the charges.

The Marvelous Everblooming Crimson Rambler

Brilliant crimson flowers from early spring until frost. The youngest plants bloom profusely the first year. Absolutely hardy everywhere and retains the bright, fresh green of its foliage all summer. Our stock is direct from the introducer in Germany, and is guaranteed true in every respect. No matter how pretentious your home or how humble, this Rose will beautify it with its magnificent clusters of brilliant crimson flowers, which will fairly glow with their brilliancy of color all summer. Extra-large, vigorous plants from 3-inch pots, 30 cts. each, 4 for \$1.00.

Crimson Rambler. One-year plants will attain a height of 10 to 20 feet in a single season, and the second year they will continue to produce a marvelous profusion of rich and glowing crimson flowers in large clusters. It presents a vivid crimson mass of beauty when in full bloom, during June and July. It is absolutely hardy everywhere and is equally desirable for growing in bush form by pegging it down, or as pot-plants.

Philadelphia Crimson Rambler. Bright-

Alberic Barbier.

Dorothy Perkins.

er, deeper and more intense crimson flowers than the Crimson Rambler, it has the additional advantage of being entirely free from mildew.

White Dorothy Perkins. One of the handsomest of all White Rambler Roses, bearing immense trusses of white flowers.

Alberic Barbier. A wonderfully beautiful Climbing Rose with dark, glossy green foliage and handsome yellow flowers.

Mrs. Robert Peary. The handsome white flowers, when open, are of splendid substance, extra-large, deep and double.

Thousand Beauties (Tausendschon). The colors run from delicate balsam or tender rose through the intermediate shades of rose, carmine and yellow.

Lady Gay. Flowers of a delicate cherry-pink color, which fades to a soft white.

Climbing Tea and Noisette Roses

The Roses in the list given below marked "H" will be found hardy everywhere, with slight protection; those marked "M.H." are moderately hardy and especially valuable for open-ground cultivation south of Philadelphia.

All of the Roses in this list are particularly recommended for southern planting.

Marechal Niel. M. H. A glorious Rose. Buds and flowers superb; extra-large, double and deliciously perfumed. Deep golden yellow. Blooms with greatest freedom.

White Marechal Niel. M.H. A white form of the brilliant yellow Marechal Niel, but of a dazzling white.

Reine Marie Henriette. H. Extra-large, finely formed flowers, very large and double; borne in clusters; glowing crimson.

Prices of all Roses on this page, except where noted, in strong, special-size plants from 3 and 3½-inch pots, 25 cts. each, any 5 for \$1.00. Two year-old plants, only in the varieties indicated by a star (*), 45 cts. each, by express.

Baby Rambler or Fairy Roses

All the Baby Ramblers make most beautiful plants for winter home decoration, and thrive luxuriantly in pots. Being of the strongest, sturdiest constitution, they are most splendidly adapted to planting in the fall, and a bed of these splendid Roses set out now and carefully protected during the winter will make a perfect beauty spot in your garden next summer, as there will be a continuous succession of flowers from June until frost.

Pink Baby Rambler, Anna Muller. For dwarf hedges, massing in beds or for single specimens, there is nothing to equal it. Always in bloom, from early spring until severe frosts, producing large clusters of brilliant pink flowers. Valuable in pots. Grows about 15 inches high.

Baby Dorothy (Maman Levavasseur). Of dwarf growth, it blooms practically all the time producing in amazing quantities large clusters or panicles of its beautiful pink flowers, which are full and double, the color of which is almost identical with the flowers of Dorothy Perkins.

Beskoop Baby Rambler. A charming fairy Rose bearing large clusters of delightful rose-tinted flowers. One of the very best.

The famous Crimson Baby Rambler. One of the most useful and ornamental Roses

yet introduced. It blooms in immense clusters similar to Crimson Rambler, every day in the year, but grows only 20 inches high. The color is clear and brilliant ruby-red; foliage dark and glossy.

White Baby Rambler (Catherine Zeimet). This novel Rose has the characteristics of the other Baby Ramblers, and differs only in the color of its flowers, which is pure white. It also has the true Rose perfume to an unusual degree.

Special Offer of Baby Rambler Set

One of each variety, 5 in all, large, well-developed plants, \$1.15.

Miscellaneous Roses

Sir Thomas Lipton (Rugosa). The best pure white Rugosa Rose. Strong and vigorous; grows 4 feet high. Flowers perfectly double, pure snow-white. Fragrant, borne on long stems continuously throughout the season. Absolutely hardy everywhere. Splendid for hedging, cemetery and park work. Also in massive, dormant field-grown plants, at 60 cts. each, \$7.00 per dozen, by freight or express.

Viridiflora. The unique and interesting Green Rose. The only Rose of its color ever introduced and interesting in every way.

Apolline. Bourbon China. Clear pink, shaded with rosy carmine. Always in bloom.

Champion of the World. A free-blooming hardy Bengal China Rose. Flowers of large size; color of lovely clear, deep pink.

Baby Rambler

Prices of all Roses on this page, except where noted, in strong, special-size plants from 3 and 3½-inch pots, 25 cts. each, any 5 for \$1.00.

Remember: If your order for Roses or other plants amounts to \$5.00 or more we prepay all shipping charges anywhere in the U. S. If under \$5.00, add 10 per cent of the total amount, and we will prepay all shipping charges. For instance, if your order amounts to \$3.50 add 35 cents; if \$5.00, we pay the charges.

Berlin, Pa.

Dear Sirs:—I received the Rose Bushes yesterday, and I must say they are the best I have ever got for that money. I will send you a larger order next spring if we live. As it is too late in the season now, I remain, yours,
Geo. J. L.

Martin's Creek, N. J.

Dear Sirs:—The Thousand Beauties and Blue Rose are the admiration of all. A friend of mine received her first order of Roses from you last week and was very much pleased with them.

Ideal Dingee Flowers for Fall Planting

Herbaceous Peonies

The Very Best Time to Plant Them is in the Fall

Peonies, after once being planted, require little attention and care, thrive almost anywhere, and are absolutely hardy everywhere. They do best in good, rich soil and an open, sunny position, but this is not absolutely necessary. During the growing season they like an occasional, liberal supply of water. They are not troubled with insect pests, and, after once becoming thoroughly established, will take care of themselves, increasing in size and beauty every year. Peonies will be shipped as soon as possible after they can be dug—or about Oct. 1st.

35 cts. each, 3 for \$1.00, \$2.00 per doz., postpaid, except where noted.

Duchesse de Nemours. Large, white, fragrant. 50 cts.

Delicatissima. Large; purple-rose with salmon center. 50 cts.

Festiva Maxima. The grandest of all whites. Petals flaked with carmine. 50 cts.

The Dingee Special Lawn Grass Seed

The Dingee Lawn Grass Seed is especially recommended for sowing in September or October. Where fall sowing is practiced, a top-dressing of manure is recommended to protect the roots of the young grass during the winter. To renovate lawn, loosen the soil on the bare spots with a steel

rake, and, after sowing a liberal quantity of seed, roll or rake again to cover the seed. For a new lawn use one quart to 300 square feet.

By mail, 40 cts. per pound, postpaid. In bulk, by express, 40 cts. per pound, 25 pounds or more, 35 cents per pound.

CALIFORNIA PRIVET

The One Best Hedge Plant,
Combining Beauty, Hardi-
ness and Efficiency.

Our Privet has been special-
ly prepared for transplanting
this fall, and if set out now
will break into leaf early next
spring and soon form a splen-
did hedge.

CALIFORNIA Privet
has long been recog-
nized as the one very
best plant for Hedge
purposes, as it is re-
markable for its beautiful,
dark-green, glossy foliage,
its quick, strong and symme-
trical growth, its freedom
from insects and scale, and
its ability to withstand prun-
ing and trimming into any
desired shape.

For many years we have
made a specialty of growing
California Privet for Hedges,
and our stock cannot be sur-
passed anywhere. It is
strong, thrifty and in the
best of shape for transplant-
ing. We have it in all sizes,
from one-year-old plants to
large, vigorous bushes which
can be used with telling ef-
fect in the formation of an
immediate hedge. These large plants are the most economical to buy, for with them
the years of tedious waiting for the hedge to grow will be avoided.

Our California Privet is not grown by the usual nurseryman's method, but is as
carefully propagated as other higher-priced shrubs. By frequent transplanting the
plants are kept bushy to the ground, and will soon form a splendid hedge. We have
an immense surplus stock, and have made the prices exceedingly low. One of the
best bargains of the year awaits you.

First-size, 15 to 24 inches, 10 cts. each; 6 for 50 cts., postpaid; \$3 per 100, by
express or freight. Second-size, 3 to 4 feet, 15 cts. each; 5 for 50 cts.; \$6 per 100,
by express or freight. Extra-large, 5-foot plants, specimens, 20 cts. each; \$10 per
100. (Orders for 50 filled at 100 rates).

The greatest of all hedge plants, California Privet. Our
extra large five-year-old plants will form a hedge like this
as soon as planted and trimmed. On the house is grown the
handsome Boston Ivy, described elsewhere in this book.

Clematis Paniculata

Of all the hardy climbing vines grown there is none which surpasses the Clematis
paniculata in grace of form and foliage, beauty and fragrance of its flowers, and
its utility as a porch adornment or covering for shade. It blooms in August and
September with a myriad of small white flowers covering the entire vine as with a
mantle, and the flowers are so fragrant that they fill the atmosphere with their de-
licious perfume. We have a magnificent lot of field plants, 4 and 5 years old, which
are in splendid shape for planting this fall. Planted now, they will put forth their
new growth next spring and soon become a most beautiful adornment to the home.
These plants are so large they can only be shipped by freight or express, at pur-
chasers expense, and as a special inducement we have placed the extremely low
price of 75 cts. each on them.
